Registered cases and filed 100% challans in the court of Law	141
Conviction rate	84%
Appeals decided by respective High Courts and Supreme Court of Pakistan.	125

Assets Investigations

- No of drug barons Assets were Frozen - 12
- Assets Forfeited - Rs 57.393 Million

Drug Demand Reduction

All countries are affected by the devastating consequences of drug abuse and illicit trafficking. Its adverse effects on health; an upsurge in crime; violence & destruction of individuals, families and communities need special attention of every one. As drug affects all sectors of society, therefore a dire need of working on demand reduction exists forever. Demand Reduction refers to efforts aimed at reducing public desire for illegal and illicit drugs. The media explosion has shrunken the world into village in real sense. Along with its positive contributions it has some negative aspects as well, especially for the youth as it has raised their level of aspiration, ambition and their tendency to experiment which may lead them to

drug abuse. It may be an expression of their revolt against established authority, a way of gaining recognition in their group or they may just not be able to "SAY NO TO DRUG" when offered way of gaining recognition in their group or they may just not be able to "SAY NO TO DRUG" when offered. In this regard, ANF is continuing its efforts to create awareness amongst the masses especially the youth by involving different Community Based Organizations (CBOs) and Non Govt. Organizations (NGOs). A summary covering awareness activities performed by ANF own sources during Jan-March 2014 is as follows:

Drug Demand Reduction Activities

Change of Command

Homage to Brave Drug Combateer who laid their lives for the noble cause to humanity

26 Mar 2014-Force Commander Conf

Inter Agency Task Force (IATF) Meeting

8th meeting of Inter Agency Task Force (IATF) was held at Anti Narcotics Force Headquarters under the chairmanship of Director General ANF to maximize effectiveness of Anti Narcotics Policy through coordinated implementation of the counter narcotics enforcement.

It was decided to enhance mutual cooperation among different Law Enforcement Agencies (LEAs) to give a strong message to drug mafia. Senior officials from all LEAs attended the meeting and presented reports of their performance on narcotics control, said a press release.

Matters related to alternate livelihood programmes for poppy prone areas of Balochistan and Khyber Pakhtunkhwa,

destruction of drug dens, establishment of treatment centers for addicts in government hospitals and jails and few other matters of mutual interests were discussed in detail. It was emphasized by Chairman IATF that all agencies concerned to take meaningful and tangible measures to fulfill the objectives of IATF forum and to eradicate this menace from the country.

ANF Training

- During 1st quarter 2014, ANF Academy (ANFA) remained engaged in development of human resources of ANF and other LEAs by conducting various training courses. During the period under review, 13 courses were organized and 262 officials (171 x ANF & 73 x

other LEAs) including 18 Afghans were trained in various facets of counter narcotics tasks. Special emphasis was laid on interdiction and investigation techniques.
